

Sustainability Meeting

Meiji Group's Approach to Sustainability

December 17, 2019

Meiji Holdings Co., Ltd.

- 1. Meiji Group 2026 Vison
- 2. Sustainability 2026 Vision
- 3. Our Activities during FYE March 2020
- 4. Sustainability Topics

Business Climate and Social Challenges

- 1. Change in social structure due to aging population
 - 30% of Japan's population will be 65 years or older by 2025
- 2. More health conscious and focused on prevention
 - Rise in diseases and disorders due to changes in lifestyle and dietary habits
- 3. Larger middle class all over the world
 - Rising income level in emerging countries such as China and India
- 4. Increasing global food problem
 - Increase in global feminine, malnutrition due to food shortage, and food loss
- 5. Spreading antibiotic-resistant bacteria
 - Global increase in antimicrobial resistance (AMR)

Meiji Group 2026 Vision

Improve our corporate value over the medium- and long-terms

- 1. Secure an overwhelming advantage in core businesses
- 2. Establish growth foundation in overseas markets
- 3. New challenges in the health value domain

Business Vision

To promote;

- Use external resources
- Increase productivity significantly

Sustainability Vision

- Social contributions
 Set three themes to contribute to society
 - Healthier Lives
 - Caring for the Earth
 - A Richer Society

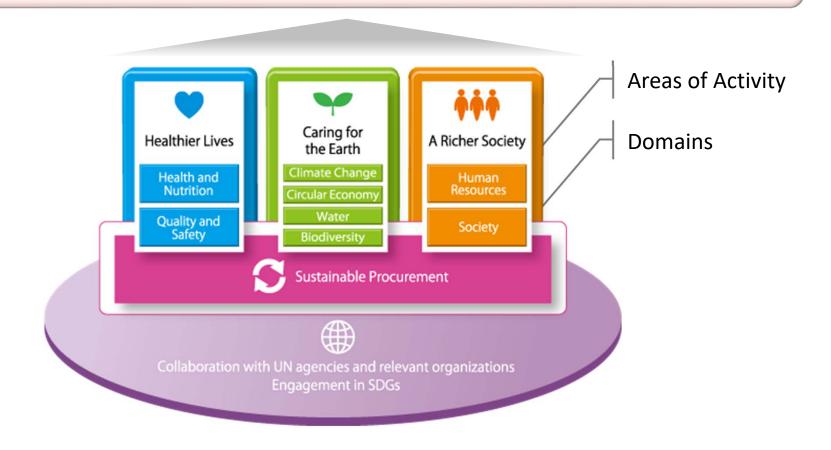

Management Vision

- Establish functional, strategic management system to grow sustainably in Japan and globally
- Develop work environment, in-house system, organizational climate to maximize individual potential
- Enhance the Meiji brand

Meiji Group Sustainability Vision

As Food and Health Professionals, We Contribute to Addressing Social Issues through Our Business Activities, and to Realizing a *Sustainable Society* for People to Live Healthy, Peaceful Lives.

Established the Group Sustainability System

October 2019 Established Sustainable Management Dept.

Plan and promote sustainability strategy for the Group to realize *Sustainable Society*

<Promotion System>

Management Meeting

The Group CSR Committee (meets two times per year)

The Group Sustainability Secretariat Meeting (Monthly)

Chairman: President and representative director,
Meiji Holdings

Vice chairman:

President and representative directors of Meiji, Meiji Seika Pharma, KM Biologics

Chief of Secretariat: Member of the Board in charge of the Group Sustainability

Meiji Holdings Co., Ltd.

Meiji Co., Ltd.

Meiji Seika Pharma Co., Ltd. KM Biologics Co., Ltd.

<meeting committee structure>

Group Human Rights Meeting

- Subcommittee 1 (Raw materials for food)
- Subcommittee 2 (Raw materials for pharmaceutical)
- Subcommittee 3 (Foreign employee)

Sustainable Procurement Meeting

- Subcommittee for Raw milk
- Subcommittee for Cocoa
- Subcommittee for Paper

The Group Environment Meeting

- Subcommittee for Recycling of Plastic Resources
- Subcommittee for Science Based Targets

Climate Change

- Our Activities for FY 2019
 - Prepare long-term plan for solar power system introduction Install the system in 1-2 plants/year for the next 10 years
 - Introduce solar power system in Kyushu Plant, Meiji Co., Ltd. Start operation in March 2020
 - Replace to low emission vehicle

Concept drawing for solar power system in Kyushu Plant

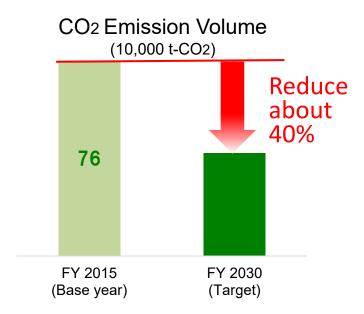

Meiji Co., Ltd. to reduce CO₂ emission by 6,000 t-CO₂ compare to FY 2019 and solar power generation 8.4 MW by FY 2028

 Revised target for CO2 emission

Setup global target taking into account of SBT* by FY 2030

* SBT: Science Based Targets

Securing Water Resource

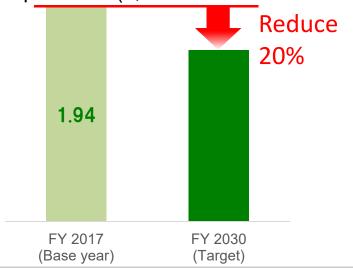

- Our Activities for FY 2109
 - Discuss water consumption reduction plan
 - Discuss water risk management
 - Analyze water risk with Aqueduct
 - Evaluate production site by onsite survey
- Activities for FY 2020
 - Hire consultant and discuss concrete measures for water risk

Revised target for water consumption reduction

Global target to reduce 20% of water consumption volume per unit of sales by FY 2030 compare to FY 2017

Water consumption volume unit per sales (1,000 m³/JPY 100 million)

Realizing Recycling Society

Reduce food loss

- Our activities for FY 2019
 - Work with Food Bank
 - Donate our products
 - Donate stockpile of food
 - Join the events sponsored by Food Bank
 - Switch freshness date to mm/yy from mm/dd/yy
 - Establish policy, Specify products
 - Switch newly launching products from next spring
 - Extend freshness date
 - Meiji Oishii Gyunyuu 900 mL
 - Work with distributors
 - Review 1/3 rule
 - Review order lead time

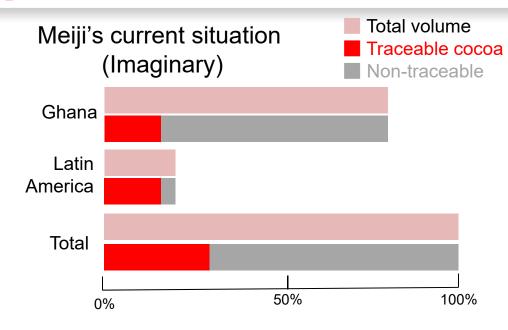

Plastic resource recycling

- Our activities for FY 2019
 - Setup subcommittee for plastic resource recycling and discuss concrete measures
 - Meiji uses 99% of plastic Groupwide especially yogurt package
 - Establish policy
 Discussing concrete measures

Reduce 25% of plastic consumption volume by 2030 Use bioplastic and regenerated plastic

Using Traceable Cocoa

Revised target
 Procure sustainable cocoa bean* 100%
 by 2026

- Our activities for FY 2019
 - Start subcommittee for cocoa
 - Continue Meiji Cocoa Support
 - Work w/World Cocoa Foundation
 - Discuss Action Plan to Protect Forestry in Cocoa Producing Countries
 - Discuss concrete measures to procure sustainable cocoa bean*

* Sustainable cocoa bean: Human rights and environmentally sound cocoa beans such as certified beans and traceable beans

Replace 100% to Certified Palm Oil

- Our activities for FY 2019
 - Acquisition of RSPO Certification (mass balance)
 - Acquired and in acquiring in FY 2019

Confectionary Sakado, Tokai, Osaka Plans, and Donan Shokuhin

Ice cream Gunma, Kansai Ice cream Plants

Infant formula Gunma Nutritionals and Saitama Plants

Accelerate for the Olympic and Paralympic Games Tokyo 2020

- Start using RSPO certified palm oil
 - October 2019 Sakado and Gunma Plants
 - April 2020 Six others (plan)
- Targets
 - Ratio of certified oil amount in FY 2019 ca. 10%
 - Ratio of certified oil amount in FY 2020 ca. 60%

Alignment with External organization

April 2019
 Signed The United Nations Global

Compact

April 2019 Joined Global Compact Network Japan

Improve our activities by using information and tools

obtained through subcommittee in GCNJ

October 2019 Joined The Climate Change Initiative

November 2019

Agreed on the Recommendations of the Task Force on Climate-related Financial

Disclosures (TCFD)

December2019

Joined TCFD Consortium

Develop and share scenario analysis and quantitative analytical method with investors and companies who

agreed on TCFD

Improve analysis results

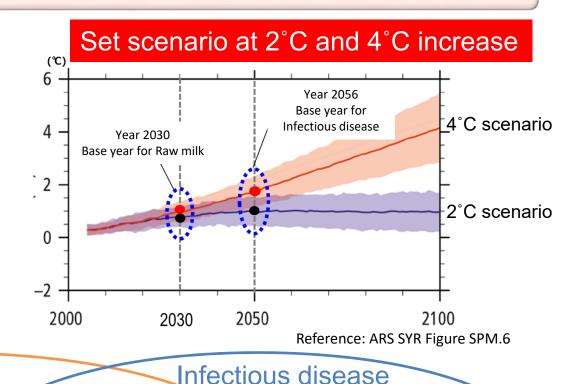

Topics-1 TCFD Scenario analysis

Applied to TCFD scenario analysis hosted by Ministry of the Environment Started scenario analysis in August 2019

Target theme

- Raw milk
 Drinking milk, Yogurt,
 Infant formula, ...
- 2. Anti-infectious drug Antibacterial, Vaccine

Important risks

Raw milk

Changes in patterns of precipitation and temperature Recycling of packages
Changes in consumer behavior

Increase in average temperature
Frequent abnormal climate
Introduction of carbon tax

Sea level rise
Increase/decrease in
mainstay products

Topics-1 TCFD Scenario analysis

4°C/If leaving to chance...

Delaying decarbonization, risk of flood damage etc. will increase, while infectious disease market will expand.

Milk production decreases due to heat stress

Cooling cost increases

- Increase in operating cost and logistic cost
- Possible shutdown of facilities

Decrease in operating rate of factory in water-stressed areas

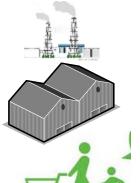

Increase in mosquito-borne diseases Increase in diarrhea such as infectious enteritis and cholera due to water pollution

2°C/If strictly regulate...

Promoting decarbonization, investors and customers become interested in environmental issues. Increase in various costs, while ethical consumerism may become popular

Increase in logistic cost due to introduction of carbon tax

Increase in production cost and procuring cost due to use of reclaimed materials

Increase in mosquito-borne diseases Increase in diarrhea such as infectious enteritis and cholera due to water pollution

Topics-2 Following Human Rights Due Diligence

- FY 2018
 - Assessing actual and potential human rights risks in each value chain
- July 2019
 - Setup Group Human Rights Meeting
 - Prioritize and select three themes
- FY 2020
 - Conduct a questionnaire survey on sustainable procurement

The Group Sustainability Committee

The Group Sustainability Secretariat Meeting

Group Human Rights Meeting

Sustainability staff of Meiji Holdings, Meiji, Meiji Seika Pharma, KM Biologics and related department

Raw materials for Food

Specify six raw
 materials
 Raw milk, Cocoa,
 Paper, Palm oil,
 Soy beans, and Sugar

Raw materials for Pharmaceutical

- Procurement of raw materials
- Follow UK Modern Slavery Act 2015

Foreign employee

 Reality check for Technical intern trainee Foreign employee

Topics-3 Volunteer activity

- November 2, 2019 Saturday9:00 am to 2:00pm
- In Takeo city, Saga Prefecture
- Visited Omoyai Volunteer Center
- 19 volunteers
- Activities
 Scoop fresh sand under the floor of houses suffered above floor level inundation

Forthcoming Volunteer activities

December 21, Saturday In Nagano prefecture where hit by Typhoon #19

March 2020 Sale of disaster-stricken regional specialty at company

store and provide specialty menu at cafeteria

Contribution to Social Issues going forward

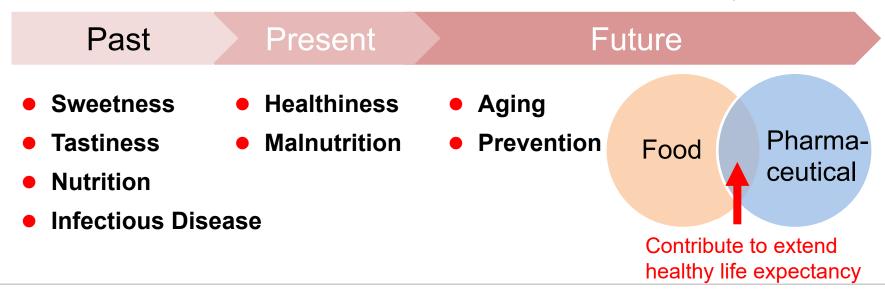

<The Meiji Group Founding Spirit>

Contributing to the country through nutrition

Topics

Hanji Soma, the founder of the Meiji Group

References: Progress of Materiality in FY 2018

Materiality-1 Healthier Lives

Health and Nutrition

Our contribution to the SDGs

Contribution to healthy diet, Solving super-aging society

Target

- Develop products that contribute to healthy diets and a super-aged society
- 2. Enroll a total of 500,000 participants into nutrition and healthy diet education within three years from FY2018 to FY2020

Results of FY 2018

Health-conscious
Products 47 products

Products for a super-aged Society 6 products

196,000 enrolled

Materiality-2 Caring for the Earth

Climate Change

Our contribution to the SDGs

Water

Our contribution to the SDGs

Reduce CO₂ emission volume

Previous Target

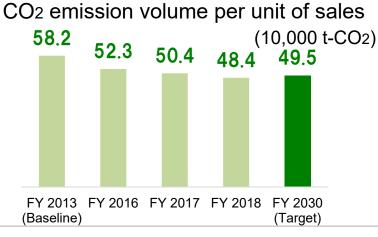

Results of FY 2018

Reduce total domestic*
CO2 emission volume
by more than 15%
compared with FY2013
baseline by FY2030

Reduced

16.8%

^{*} The domestic Meiji Group, excluding KM Biologics

Secure water resources

Previous Target

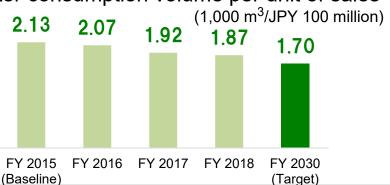

Results of FY 2018

Reduce total domestic*
water consumption
volume by More than
20% compared with
FY2015 baseline by
FY 2030

Reduced

12.2%

Water consumption volume per unit of sales

^{*} The domestic Meiji Group, excluding KM Biologics

Materiality-3 A Richer Society

Human Resources and Society

Our contribution to the SDGs

Promote diversity and inclusion and Development of human resources

Target

More than 10% female managers by FY 2026

Female leaders*1 in FY 2026 Minimum of 420 leaders

The ratio of disabled employees*2 More than 2.2%

Respect and Promote human rights
Employees receive training on human rights 100%

Results of FY 2018

Female managers 3.1%

Female leaders 171 leaders

*1 The combined total targets for Meiji HD Co., Ltd., Meiji Co., Ltd., Meiji Seika Pharma Co., Ltd. and KM Biologics Co., Ltd. alone, excluding affiliates Leader: Manager and assistant manager

2.29%

*2 The combined total targets for Meiji HD, Meiji and Meiji Seika Pharma alone, excluding affiliates

100%

Materiality-4 Sustainable Procurement

Procure raw materials with consideration toward human rights and the environment

Our contribution to the SDGs

Cocoa Beans

Previous Target

Improve traceability of cocoa

Results of FY 2018

Approximately 10% reduction in usage from previous year

Reason: Did not meet chocolate usage targets

Palm oil

Palm Oil

Target

Use 100% of RSPO*-certified palm oil by FY2023
* RSPO: Roundtable on Sustainable

Results of FY 2018

Using approximately 2%

Results of FY 2018

Paper

Target

Use 100% paper raw materials* from forests certified for sustainability practices (FSC®, PEFC) and/or from recycled paper by FY2020

* Packaging paper for products manufactured domestically

55.3%

The domestic Meiji Group, excluding KM Biologics
